Informed by critical reflection

Meaningful engagement with families and community

Goals	Challenge of Practice	Success Criteria
<p><b>To improve each child's capacity, confidence and disposition to use numeracy.</b></p>	<p>If each educator implements consistent approaches to sustained shared thinking then we will improve each child's capacity, confidence and disposition to use numeracy.</p>	<p>Our pedagogical documentation will demonstrate evidence of child's improved capacity, confidence and disposition to use numeracy. This looks like:</p> <ul style="list-style-type: none"> <li>• Solving problems</li> <li>• Trial and error</li> <li>• Creativity and curiosity</li> <li>• Persistent in the face of challenge</li> <li>• Confidence</li> </ul>
National Quality Framework Priorities		Key steps
<p>Support each child to build their awareness of and capacity to regulate (emotions, attention, arousal levels and behaviour) in the process of becoming a powerful learner</p>		<p>Participate in Professional Learning around self-regulation for children Implement the Zones of Regulation as a whole staff team</p>
<p>Embed Aboriginal and Torres Strait Islander perspectives in all aspects of the educational program and practice and service operations through meaningful engagement with families and the community</p>		<p>Be guided by critical reflection as a staff team and community Develop a Reconciliation Action Plan in conjunction with the Governing Council</p>
<p>Embed health and safety practices in service operations that ensure each child is protected</p>		<p>Audit all policies and procedures related to safety including supervision, incidents and emergency management and child protection Renew and develop (where necessary) appropriate safety and risk management plans Engage families and communities in embedding health and safety practices</p>
